PROFILE

Full-stack developer with 2+ years of experience building production web applications with Node.js, React, Next.js, TypeScript and PostgreSQL/MongoDB. Strong in API design and database optimisation, with hands-on experience integrating AI models and automation workflows into live systems. Improved application performance by 80% through API routing and query optimisation. Open to relocation.

PROFESSIONAL EXPERIENCE

Full-Stack Developer — Devsoul 02/2026 – Present

- Built a food delivery platform (restaurant portal + ordering app) with Next.js, Fastify, TypeScript, Drizzle ORM and PostgreSQL.
- Developed a multi-tenant fleet management system for remote macOS device enrolment and management.
- Improved application performance by 80% through API routing and database query optimisation.

Full-Stack Developer — Growmify (AI & e-commerce solutions) 07/2025 – 02/2026

- Integrated AI models and automation workflows into production backend systems.
- Implemented the Terra API to collect and process wearable health data; built scalable Node.js services for analytics and data pipelines.

Full-Stack Developer — Hixol (Gujranwala) 12/2024 – 07/2025

- Designed and built a user tracking system from scratch: Node.js, Express, MySQL and Sequelize backend with a React admin dashboard for real-time analytics.
- Maintained, debugged and optimised legacy web applications to improve reliability and efficiency.

PROJECTS

E-Commerce Platform — Next.js, TypeScript, MongoDB, Tailwind CSS 01/2024 – 07/2025

- Deployed a full-stack store with admin dashboard: products, inventory, orders, secure authentication and REST APIs.

Job Portal — MongoDB, Express.js, React.js, Node.js 03/2024 – 04/2024

- Built a MERN job portal with REST APIs for job postings, applications and user authentication.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, React.js, Next.js, Tailwind CSS, Framer Motion
Backend: Node.js, Express.js, Fastify, REST APIs, Sequelize, Drizzle ORM
Databases: PostgreSQL, MongoDB, MySQL, Firebase
Tools: Git, GitHub; AI-assisted development (Codex, Claude, Cursor, v0.dev, Gemini)

EDUCATION & CERTIFICATIONS

BS Computer Science — University of Sargodha, Pakistan 2019 – 2023

FSc Pre-Engineering — Superior Science College, Gujranwala 2017 – 2019

Certifications: Certified MERN Stack Developer (London App Brewery, 2024) · React.js Developer (Internee.pk, 2024) · Introduction to Data Structures (Alison, 2024)

LANGUAGES

Urdu: Native · **English:** Communication level
